## Provincial Point of View

April 18, 2016

### AN INTERESTING EVENING TALKING TO THE RCSCC CADETS

I had the pleasure of speaking to the cadets from the RCSCC Jervis Bay Canadian Armed Forces last week. The cadets asked many excellent questions. I was pleased to hear a few cadets have an interest in a political career! What a great evening!

It was an honour to participate in their training. I look forward to another visit next year!

### STATEMENT FROM PREMIER BRAD WALL

I would like to take this opportunity to thank Mr. Broten for his public service and his significant contribution as an MLA and the Leader of the Her Majesty's Official Opposition.

I wish him the best in all of his future endeavours.

## WILLOWGROVE UNIVERSITY HEIGHTS COMMUNITY ASSOCIATION EARTH DAY APRIL 22

WUHCA will be hosting an Earth Day Clean Up on Friday April 22 from 10am-2pm. Home base will be in the Willowgrove Square. They will have supplies to get you started, and a collection spot for all the trash.

How can you participate? Easy: grab a plastic bag and start filling it with those loose pieces of trash that have escaped the recycling bins over the winter. Come see us in the square to drop off what you've collected or dispose of the trash in your own city garbage bin.

WUHCA Thanks to the schools for letting them put all the collected trash in their dumpsters when they are done, and to [Willowgrove Moms](#) for enthusiastically supporting this event. Spring IS on its way. Let's clean up so we can enjoy our neighbourhood this summer!

Saskatchewan residents are reminded to take precautions against hantavirus, as the weather continues to warm up and they resume seasonal activities.

People are most often exposed to hantavirus by breathing in contaminated airborne particles from the droppings, urine and saliva of infected deer mice. Hantavirus infection is rare but potentially fatal. Symptoms include fever, muscle aches, cough, headaches, nausea and vomiting.
