Happy Father's Day

*Happy Father's day to all dads, grandpas and "father figures" this weekend.*

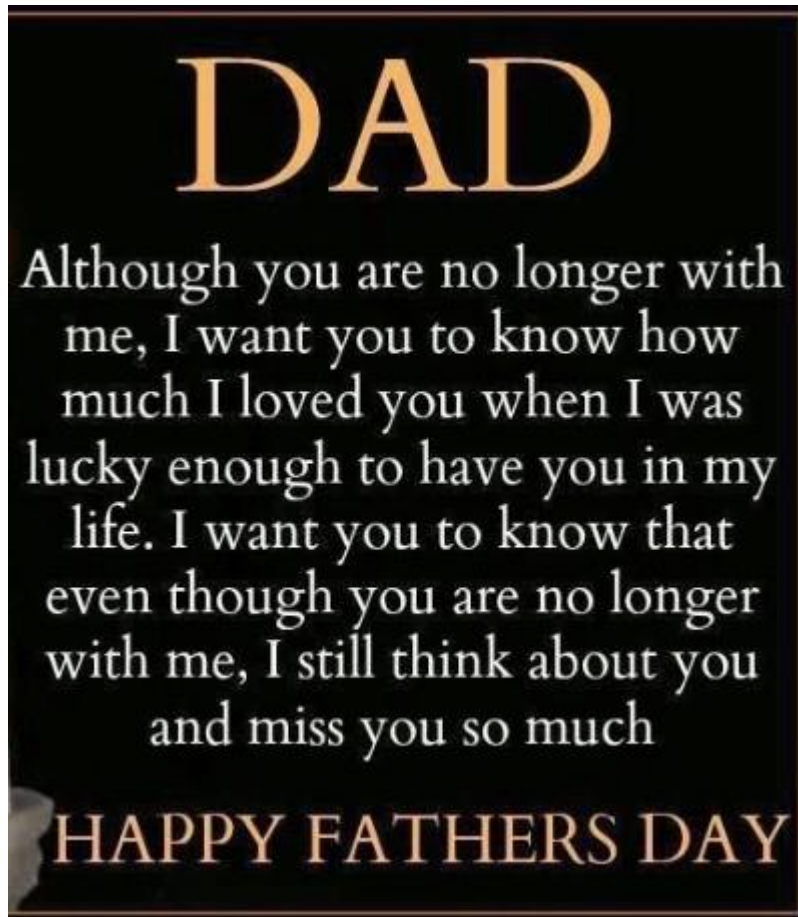

**There is no greater gift in life than being called "Dad".**

**A few Father's Day Fast Facts:**

- **Sonora Louise Smart Dodd, of Spokane, Washington, started the tradition of Father's Day in the honor of her dad, William Smart, a widowed Civil War veteran.**
- **Father's Day is one of the most popular occasions to be celebrated in the world.**
- **Rose is the official flower for Father's Day. Wearing a red rose signifies a living father, while white one represents deceased father.**

It is always a pleasure to support and help out at Tim Horton's in Saskatoon Willowgrove. The Tim Horton's Camp Day is such an important day and seeing the support by buying coffee to help send kids to camp was just awesome. Thanks to everyone, especially the Tim Horton's owners and staff for this great initiative.

TIM HORTONS - #CampDay was amazing, thanks to our team members and guests for coming together to support Tim Horton Children's Foundation. You're the best, Canada! PS: Don't forget, you can still donate \$2 and get a bracelet.

**MEETING WITH "FRIENDS OF THE BOWL" AT THE GORDIE  
HOWE SPORTS COMPLEX**

Now that the spring sitting of the legislature has ended, colleagues David Buckingham, Eric Olauson, Corey Tochor, Lisa Lambert and I appreciated the time we had to meet with "Friends of the Bowl" in Saskatoon.

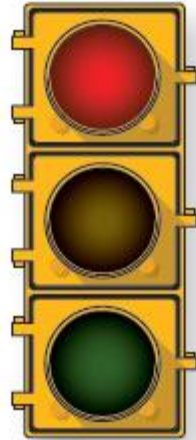

The Friends of the Bowl Foundation is a charitable community based organization and is a partnership between a group of dedicated volunteers and the City of Saskatoon. The foundation's mandate is to identify facilities and amenities in the park in need of improvements, and to plan, fundraise and provide project management for these upgrades on behalf of the City of Saskatoon. What an outstanding job they are doing!

The Friends of the Bowl successfully completed two capital campaigns that raised over \$21 million for upgrades to Saskatoon Minor Football Field. Through the development of an all-season, multi-sports facility, the Gordie Howe Sports Complex will expand opportunities for youth, families, individual athletes and teams.

It was great to meet and hear about the accomplishments and goals of this amazing group.

**SGI TRIVIA**

**#Trivia** You are turning right at a red light when traffic facing you has a left turn arrow. What should you do?

- a) Go ahead and turn right, since you have the right-of-way.
- b) Stop and wait until the light turns green to turn.
- c) Stop and yield to traffic that has the right-of-way and any pedestrians. Then, turn when it's safe.
- ...
- d) Go straight once the light is green. Turning right is too stressful.

The answer is C. At any red light, you MUST stop first and only go when it's safe. If there are two driving lanes, (and assuming everyone drives lawfully), after fully stopping and yielding to vehicles and pedestrians, you can turn into the first available driving lane, even at the same time as the oncoming vehicle is turning into THEIR first driving lane.

## SASKATCHEWAN PROCLAIMS DEAFBLIND AWARENESS WEEK

The Government of Saskatchewan has proclaimed June 10-16, as Deafblind Awareness Week.

Individuals are considered deafblind if they have a combined loss of both hearing and vision to the point that neither can be used as a primary source of information gathering. The combination of these sensory losses means that individuals who are deafblind may have difficulties in accessing information, learning, communicating and participating.

## JUNE PUBLIC OFFERING SHOWS SASKATCHEWAN PETROLEUM OPPORTUNITIES IN HIGH DEMAND

The average price per hectare in Saskatchewan is currently \$725, the highest when compared to public offerings held to date in Alberta and British Columbia.

“Industry’s investment in petroleum and natural gas rights in Saskatchewan is a good measure of the opportunity and potential that exists in our province’s oil and gas sector,” Energy and Resources Minister Bronwyn Eyre said. “Dollars invested by this industry support Saskatchewan jobs, communities, and our province’s economic future.” Continue reading the news release [here](#).

## CROP REPORT FOR THE PERIOD MAY 29 TO JUNE 4, 2018

The majority of the province received much-needed moisture this past week, helping to alleviate concerns about dry field conditions.

The amount of rain varied across the province, with some southwestern areas receiving very little, while many fields in the southeast are saturated and flooded. The Lampman area received 256 mm of rain. Fields and roads are flooded in many areas of the southeast and it will be some time before they are dry enough to be accessed. In contrast, the southwestern region remains very dry as it has received little rainfall over the past few months. There are concerns that crop and hay yields in the region will be affected if rain does not arrive soon.

**TRADE RULING AGAINST ALBERTA BEER MARK-UP LEVELS**  
**THE PLAYING FIELD FOR SASKATCHEWAN BREWERS**

The Government of Saskatchewan is pleased with a recent decision by a trade panel regarding Saskatchewan and Canadian brewers.

The Government of Saskatchewan supported Artisan Ales, a Calgary-based beer importer, as an intervener in the original panel and appeal process.

“We are very pleased with the decision which confirms that Alberta’s beer market distorting policies unfairly discriminate against Saskatchewan and Canadian brewers,” Trade and Export Development Minister Jeremy Harrison said. “We call on the Government of Alberta to immediately comply with this ruling, as they have promised, ensuring that brewers from our province and the rest of Canada can compete fairly with Alberta-based brewers.”

The panel, under the Agreement on Internal Trade, upheld a decision made in August 2017 which stated that the Government of Alberta’s Small Brewers Development Program operated contrary to its free trade obligations.

**ROAD WORK IN SOUTHEAST SASKATCHEWAN KICKS INTO HIGH GEAR**

More than \$29 million worth of construction work on more than 100 kilometres (km) of southeastern Saskatchewan highways is set to take place this week.

“Our government has made highways and infrastructure a priority for the people of Saskatchewan,” Highways and Infrastructure Minister David Marit said. “We know the construction season is short and we have lots of work to do so, if you are travelling, please be patient, allow for extra time and respect the work zones.”
